French Call Up 60,000 From Army Reserve

Uprisings In North Africa Force Paris Government To Act

PARIS (AP)—France recalled 60,000 young reservists to the colors today to bolster her forces in Morocco and Algeria, strained by nationalist uprisings.

At the same time Premier Edgar Faure and President Rene Coty hurried to Paris for urgent consultations on consequences of the clashes which took an estimated 2,000 lives.

The Defense Ministry said recall of the reservists, most of them in the 23 to 24 age bracket, will be spread over a three- to four month period.

First to be put back in uniform will be such specialists as signal corps men and engineers. They will restore communications disrupted by the rebels as they swept into small cities and towns.

France already has an estimated 125,000 troops in Algeria and more in Morocco.

Faure flew to Paris from the French Alps resort of Aix Les Bains, where he and four of his cabinet have been conferring with Moroccan leaders in an effort to find a political solution to the crisis in the protectorate. Coty came to Paris from his country residence at Rambouillet.

MEANWHILE, there was relative quiet in French North Africa as French troops continued clean-up operations.

Faure had to deal with the first signs of political dissent within his government.

The Premier was under attack from some rightist backers of his coalition government because he agreed to confer with Moroccan nationalist leaders.

"Any concession made to those who wish to throw France out (of Morocco) can only aggravate the situation," one group of deputies told the Premier.

Opinion seemed to be growing stronger that the feeble, unpopular old Sultan Mohammed Ben Arafat, chief target of the Moroccan nationalists, would have to be replaced by a regency council.

Ben Moulay Arafat was picked when France deposed pro-nationalist Sultan Mohammed Ben Youssef two years ago.

Across the Mediterranean, thousands of French troops including tough Foreign Legion veterans, Senegalese troops from West Africa, Marines and parachute commandos, pushed an offensive in the Atlas Mountains against the 4,000 Maamra tribesmen who massacred 80 Frenchmen at Oued Zem Saturday.

Fresh rebel attacks and continued French cleanup operations in Algeria brought new deaths there yesterday also. Nineteen rebels were killed when they tried to enter Gastonville, a town of 8,000 between Constantine and Philippeville. Another dozen deaths were reported in isolated clashes in the countryside.

British Complete Round Trip In Jet

LONDON (AP)—Two British aviators had dinner at home last night just as they planned—after flying to New York for lunch.

Pilot John Hackett and navigator Peter Moneypermy made the double transatlantic flight of 6,914 miles in 13 hours 46 minutes 56.2 seconds. It was the first London-New York-London round trip in one day. They flew a photo-reconnaissance version of the Royal Air Force's twin-jet Canberra bomber.

A-Secrets Bared

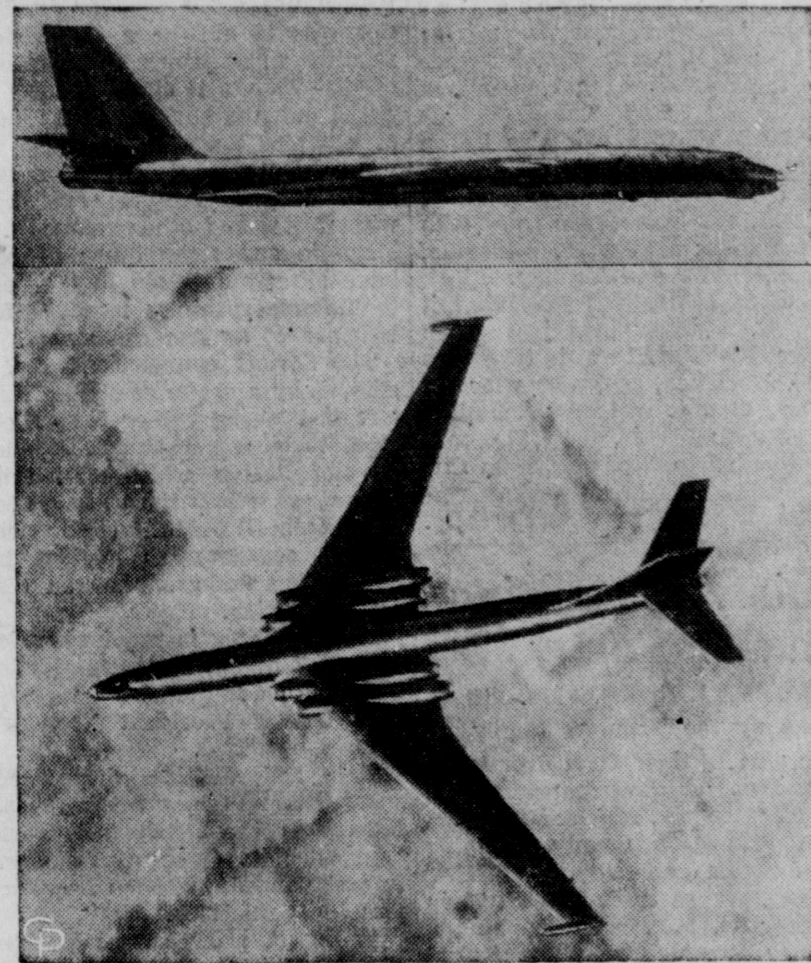

HARWELL, England (AP)—Britain opened the gates of its top secret atomic center today to Soviet scientists. Fifteen Russian physicists were among other foreign scientists flown into the closely guarded research station from Geneva for an inspection tour.

Hitler Corks OK'd

MUNICH (AP)—A German district court ruled today that it's OK to sell miniatures of Hitler's head for bottle corks. The court acquitted a souvenir seller of "making propaganda with symbols of an outlawed organization."

Keeping Score On The Drought

THESE TWO VIEWS, profile and from above, of Russia's new, swept-wing, four-jet bomber are from Naval Aviation News. The bomber has gun turrets on the top and bottom of the fuselage, three sighting blisters—one on either side of the nose and one forward of the upper gun turret—and a stinger set low in the tail. The wing is high-shoulder mounted with a broad, thick inboard section where the engines are housed internally. Wing pods are believed to house out-rigger landing gear. Note the large radome on the bottom of the nose section.

Housewife To Shed Striking Husband If Factory Closes

CHICAGO (AP)—An enraged housewife has threatened to divorce her striking husband if the struck company is forced to go out of business.

Mrs. Esther Quigley, 35, said she issued the ultimatum to her husband, Andrew, a steward for local 1214 of the CIO United Auto Workers representing 450 employees of the Harrison Sheet Steel Co.

She said: "If the company closes its doors permanently, I'll close my doors permanently."

Mrs. Quigley, who said she has organized a group of 45 women seeking to end the strike, reported she was contacted by the wife of another union steward who appears to be forming a group of

Berserk Yank Killed After Slaying Trio

MANSTON, England (AP)—An American airman went berserk with a gun in each hand at a South England fighter base here today, killing three persons and wounding six others.

The gunman himself was shot dead by U.S. Air Police after a harrowing chase that spread terror along the packed beaches and boardwalks of neighboring South British coast resorts.

The dead were an American master sergeant, and another U.S. serviceman, and a Royal Air Force airman.

Three other American military personnel and three British civilians employed at the base, one of them a woman, were wounded.

British police identified the gunman as Napoleon Green, but did not have his age or hometown.

British police said two of the dead, the sergeant and the British serviceman, were killed in the camp and the third victim, another American, died later in a hospital.

The gunman grabbed a revolver and a carbine from the supply room where he was working and dashed through the camp, shooting indiscriminately.

He fled the camp in a car, heading for the beach with American and British police in pursuit.

On the boardwalks of Broadstairs and Margate, neighboring resort towns, vacationers pointed out the path the gunman had taken when he abandoned the car. Armed Americans clambered over barriers and jetties in his wake.

When the pursuers caught up with the gunman, he resisted capture and was shot dead.

Defiance Firm Plans Expansion

DEFIANCE (AP)—James H. Smith, general manager of the Central Foundry Division's General Motors plant here, has announced a new building program to provide 57,200 additional square feet of production space.

The expansion eventually will lead to an increase of 400 new employees in the work force, for a total of 3,600, the company said.

Air Base Aide Killed

COLUMBUS (AP)—Paul G. Reed, 29, formerly of Pike County, was electrocuted yesterday at Lockbourne Air Force Base when the boom of a crane on which he was working touched a 2,400-volt high tension wire.

Ike Says U. S. Won't OK 'Wrongs' To Avoid War

Major Effort Is Urged To Leash H-Bomb

Development Of New Peaceful Uses Said Immediate U.S. Need

WASHINGTON (AP)—Two members of the Senate-House Atomic Energy Commission are urging the Atomic Energy Commission to speed work on harnessing the H-bomb for peaceful purposes.

Sen. Anderson (D-NM), committee chairman, and Rep. Price (D-III), head of its Research and Development subcommittee, said Tuesday they believe the Geneva atom-for-peace conference should give impetus to this project.

They were part of a committee delegation which returned yesterday from the conference.

Anderson said, "We know we are in a race for this type of development," and added there were clear indications at Geneva that Russia, Great Britain and India also were working at the problem.

He said "only a handful" of American scientists are assigned to this research. He suggested the number be increased.

Price said the announcement of hitherto secret programs looking toward a controlled thermonuclear hydrogen reaction was "the most important event" at the Geneva meeting.

"THE MERE fact that this American program has been declassified should speed up research on it," he said, adding it had been so deeply secret many AEC scientists did not even know of it.

However, Rep. Hinshaw (R-Calif.), another committee member who was at Geneva, said he felt U. S. progress on this work had been "as fast as could be expected" considering the extreme difficulties.

AEC Chairman Lewis L. Strauss disclosed at Geneva that this country had been engaged in a "moderate program" of research in harnessing the H-bomb and had made some progress.

Anderson, Price and Hinshaw agreed that the Geneva parley had shown Russia is not ahead of the United States in peaceful development of the atom.

Rep. Hollifield (D-Calif.), another committee member who attended the Geneva meeting, said the first impression is that American scientists learned nothing new from a multitude of papers presented at the meeting but that Russian experts probably acquired fresh technical data.

He said the United States gave away more hitherto secret nuclear information than any other nation at the meeting. He added it is too early to determine whether this country gave away too much.

Copperhead Bites Co. I Officer's Leg

LT. Bob Shaw, one of the officers of Circleville's Co. I, 166th Regimental Combat Team of the Ohio National Guard, was bitten in the leg by a copperhead snake Tuesday.

The incident happened during maneuvers at Camp Breckenridge, Ky., where the unit is attending Summer camp. After the copperhead bit the officer's leg, one of Lt. Shaw's men reportedly shot the snake while another cut his leg to drain the venom from his blood stream.

Lt. Shaw was taken to the camp's hospital where he is under observation. There is no further report of his condition; relatives here have been informed that there will be a 24-hour "waiting period" to determine the effects of the wound.

Storms Kill 5

SEOUL (AP)—Rainstorms in South Korea yesterday killed five persons and injured seven, national police reported today. Six homes were destroyed and about 80 were flooded. Rainfall ranged from five to seven inches.

'Sleep' Kills 88

TOKYO (AP)—Sleeping sickness is spreading rapidly in Tokyo and had killed 88 children, the Metropolitan Health Service said today.

Government Seeks Big Fund To Aid Flood-Ravaged Area

WASHINGTON (AP)—The administration checked its available resources and conferred with congressional leaders today as it sought to provide up to \$100 million for flood relief without a special session of Congress.

That figure on the needs of the water-ravaged Northeast was given by Val Peterson, civil defense administrator, after a White House conference put eight agencies to work surveying what they can do immediately.

President Eisenhower said yesterday he will call a special session of Congress if it is needed to make enough relief funds available. Most lawmakers expressed hope the money can be obtained out of appropriations already made.

Lt. Gen. S. D. Sturgis Jr., chief of Army Engineers, announced early today he has ordered immediate mobilization of military and civilian engineering and construction personnel to remove debris, health and safety hazards and to restore public facilities.

Forty-eight engineering officers headed northward from Ft. Belvoir, Va., and others were called from eastern, central and southern states to supplement field parties in the New England area.

Peterson said \$11,600,000 now is available and Chairman Hayden (D-Ariz.) of the Senate Appropriations Committee said another \$10 million could be obtained immediately by presidential transfer of funds of other agencies.

Because of this and what he said is broad presidential authority to direct all federal agencies to make available materials, supplies and help to flood victims, Hayden said he doesn't believe a special session is necessary.

Meanwhile, the worst confusion was clearing up in the flood-ravaged area.

Even in the most severely wrecked communities where life was still badly disrupted, there was new hope from Eisenhower's promise of massive federal aid for rehabilitation.

Picway Plant Worker Killed In Accident

A fatal accident at the Picway Power Plant at the northern boundary of Pickaway County, which occurred Tuesday morning, was not reported to officials here until late Tuesday.

A report from the sheriff's office here reveals that a 35-year old Columbus man died enroute to Grant Hospital of injuries suffered when he fell from an electric locomotive.

Leroy F. DeWeese was pronounced dead on arrival at the hospital. Dr. Ray Carroll, Pickaway County coroner, who happened to be in Columbus at the time, viewed the body. He said that death was due to "massive crushing of the chest."

According to the report received here, DeWeese tried to hop aboard the locomotive but apparently missed his step. He was caught by the front of the car which makes contact with a "third rail" carrying high voltage. Dr. Carroll specifically stated that DeWeese was not electrocuted.

The accident occurred 500 feet north of the plant, which is located west of Route 23. A 16-year employee of the plant, which is owned by the Columbus and Southern Ohio Electric Co., DeWeese was listed as an equipment operator.

Trago Offers Defense In Gallia Trial

GALLIPOLIS (AP)—The trial of David L. Trago, Jackson County sheriff charged with contributing to the delinquency of a minor, today moved into its second phase as defense witnesses were called.

The state yesterday rested its case after defense objections were upheld on all but a few questions asked Mary Nicholson Snyder, Jackson County prosecutor, by William P. Cherrington, special assistant prosecutor in the Gallia County trial. The only key answer she was permitted to give stated that she did not encourage the complaining witness to file the affidavit against the sheriff.

Trago was acquitted recently in a similar trial in his home county. Mrs. Snyder handled the ill-fated prosecution then. She is a Republican. Trago is the only Democrat elected in Jackson County.

The Gallia County action was filed by the mother of David L. Hatfield, 17-year-old Air Force recruit who accused the sheriff of making indecent advances to him in Gallipolis last July 1. Trago has denied the charge and the defense says it will prove the defendant was not in this town at the time.

The defense also recross-examined Hatfield following the prosecutor's testimony.

Presentation of the defense testimony may extend through Friday, court attaches said. The jury were not expected to begin deliberating until late Friday or the first of next week.

County B Of E Set To Discuss Consolidation

Pickaway County's board of education will meet tonight to discuss a citizens committee's proposal to consolidate the county's 15 school districts into one.

The board is expected to give quick approval to the plan and order it to appear on the November ballot. The county board of elections has requested that if the measure is to be ordered placed on the ballot it should be done so by Thursday so that absentee ballots can be sent out in time.

Under the revised proposal, which has been approved by the state education department, all the school districts outside of Circleville would be combined into one district. All of the present school boards would be abolished and a new five-member board would be created to administer the single district.

In order to be put into effect, the consolidation issue must pass by 55 per cent. However, the law provides that if any one district votes 75 per cent against the merger then that district will not be included in the consolidation.

THE CITIZENS committee drew up the plan following a six months' study of school conditions in the county. They originally submitted a proposal to R. M. Eymann, state director of education, which called for two new high schools to be erected as a result of the consolidation.

However, Eymann's office pointed out that there might be some legal snarls resulting if that recommendation were presented on the ballot. The committee met again and decided to leave out the section concerning the high schools, but members made it clear that they would make the recommendation again to the new school board.

Should the issue be approved by Pickaway County voters, it would set a precedent for Ohio. Only one other county has ever attempted to consolidate all of its school districts—Gallia—but voters there turned it down due to transportation difficulties.

Progress Hinted In Harvester Talks

CHICAGO (AP)—A strike of 40,000 CIO United Auto Workers against International Harvester Co. plants in six states continued today, but "some progress" was reported in negotiations for a new contract.

The progress report was made by a union spokesman as negotiations were recessed late last night.

The UAW seeks pay raises and layoff pay. It also wants a special 4-cent raise retroactive to 1953 which the union says Harvester workers "lost" through the company's refusal to accept escalator and improvement factor terms agreed to by other firms.

'Peace Crusade' Said Based On World Justice

PHILADELPHIA (AP)—President Eisenhower declared today that America is on a "crusade for peace" but can never accept Russian wrongs to men and nations in an "eagerness to avoid war."

In an address to the American Bar Assn., he voiced confidence that the Geneva summit conference spells opportunity to advance toward a peace "based on justice and security."

"Can we achieve that sort of peace?" he asked. "I think we can."

Without naming Soviet Russia, he said the division of Germany, the domination of captive countries and the use of international subversion are "violations of the rights of men."

They probably result, he said, from "a compound of suspicions and fear." But he added quickly: "That explains. It cannot excuse."

"In justice to others and to ourselves," he said, "we can never accept those wrongs as a part of the peace that we desire and seek."

THE PRESIDENT spoke at the annual convention of the bar association, which is observing the 200th anniversary of the birth of John Marshall, fourth chief justice of the United States.

Eisenhower extolled Marshall as a "foremost leader in developing and maintaining the liberties of the people" of the United States, as a man whose decisions "made of the Constitution a vital, dynamic, deathless charter for free and orderly living."

He said he will appoint nobody to the federal judiciary who will not serve in the tradition of Marshall.

In general, the presidential speech took a somewhat unrefined, philosophical approach to (Continued on Page Two)

Chicago Bans High-Diving French Priest

CHICAGO (AP)—The Roman Catholic archdiocese of Chicago has objected to a French priest's plan to raise money for his parish by giving high diving exhibitions.

The Rev. Robert Simon, who made 35 110-foot dives at water shows in Europe, expressed surprise at the Chicago church's decision last night.

In Europe, he said, no one objected. His exhibitions in France, Belgium, Switzerland and Morocco provided funds to rebuild his church at Saone, France, build a dispensary and finance two local industries for his parishioners.

Father Simon, 42, arrived in Chicago a week ago, seeking money to help pay for a cooperative housing project in his parish. He hoped to raise enough money for the villagers' share in constructing their own homes under a French government program. The parish loaned him his plane fare.

"I did not expect any difficulty," he said. "I asked for permission from the church authorities and was refused. I won't push the matter here. Maybe I undertook it in the wrong way."

If the Chicago diocese does not change its decision in another day or two, Father Simon said, "then I will try another place."

THE CITIZENS committee drew up the plan following a six months' study of school conditions in the county. They originally submitted a proposal to R. M. Eymann, state director of education, which called for two new high schools to be erected as a result of the consolidation.

However, Eymann's office pointed out that there might be some legal snarls resulting if that recommendation were presented on the ballot. The committee met again and decided to leave out the section concerning the high schools, but members made it clear that they would make the recommendation again to the new school board.

Should the issue be approved by Pickaway County voters, it would set a precedent for Ohio. Only one other county has ever attempted to consolidate all of its school districts—Gallia—but voters there turned it down due to transportation difficulties.

Of course there's no such thing as a Square Dog (unless Picasso has started a kennel) but if there were I guess you'd call it a Boxterrier. At that a Square Dog might come in handy. You could use it for a piano bench. Or put an ash tray on it and have the only coffee table in town that would come when you whistled. But Square Dogs are about the only type of canine that there isn't. There are over 110 different and distinct breeds of dogs which range in size all the way from "Itsy-bitsy" to "All right, Rover, put down that Mailman!" But no matter what their shape, as Walt Disney says in "The Lady and the Tramp"—A Dog's Best Friend is his Human.

Army Honors Richard Fullen In Ceremony

A Circleville serviceman, Sp-2c Richard W. Fullen, has been named to two honors in Italy, it was learned here.

Fullen was chosen as the "Best Soldier" for the Quartermaster Corps. He was further honored by being picked as the "Best Soldier" of the past three months from those individuals who had won citations in other branches of the Army.

Attached to the 7617 Head-Headquarters and Service Company, USFA Support Command, Fullen was presented with an inscribed silver cup. His citation, signed by Col. Charles L. Williams, commanding officer of the group, was read during a special ceremony at Camp Darby near Leghorn, Italy.

Fullen was chosen as the honorary soldier for his "outstanding soldierly qualities, demonstrated by his military bearing, appearance, judgement and devotion to duty." The citation further stated that Fullen's "loyalty, dependability, efficiency and soldierly attitude reflects the highest standard of Quartermaster operations."

The Circleville soldier, who has been in Italy for 2½ years, is due to sail home on Sept. 6. He is the son of Mr. and Mrs. Charles Fullen, of 111 Northridge Rd.

Mainly About People

ONE MINUTE PULPIT

They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles, they shall run and not be weary, they shall walk and not faint.—Isa. 40:31. After a week of great responsibility and strain, many have found that an hour of worship does indeed renew the spirit and restore strength and courage.

Mrs. E. T. Curlee, of 464 E. Main St., was admitted to Berger Hospital Wednesday for surgery.

Air Force Testers Create Own Ice

BALTIMORE (AP)—The Air Force is studying the effects of ice on planes in flight anytime it wants by squirting water on one high in the air, the Research and Development Command announced today.

The water is sprayed from a Boeing tanker designed originally to refuel other planes in flight. Flying at altitudes where the temperature is 13 degrees fahrenheit above zero, the water forms into ice when it hits the test plane 300 feet behind the tanker. The system was devised at the Wright Air Development Center in Dayton.

Jap Foreign Chief Heading For U.S.

HONOLULU (AP)—Japan's Foreign Minister Mamoru Shigemitsu reached American soil last night and said he hopes "my present visit to the United States will serve still further to secure the bonds of good will between us."

Shigemitsu, en route to Washington to discuss Japan's defense buildup and possible release of war criminals, is scheduled to arrive in San Francisco today.

One hour before Shigemitsu arrived here, John M. Allison, U.S. ambassador to Japan, left by plane for Washington.

Cloudbursts Deluge California Desert

SAN BERNARDINO, Calif. (AP)—Sudden summer cloudbursts deluged southern California desert and mountain areas yesterday.

The storms inundated some communities with as much as 1½ inches of rain in a few hours. Flash floods which followed blocked scores of roads and highways, for a time cutting off Barstow, on the Mojave Desert, from all but one direction.

Telephones were knocked out between Barstow and here. Train traffic was slowed on main routes across the desert.

'Peace Crusade' Said Based On World Justice

(Continued from Page One)

global rather than domestic problems, drawing lessons from the career of Marshall.

The famed chief justice, he said, was patient, tireless, understanding, logical, persistent and a crusader in the cause of interpreting the Constitution "to achieve ordered liberty and justice."

"Now," he said, "America needs to exercise, in the crusade for peace, the qualities of John Marshall. Peace and security for all can be established—for the fearful, for the oppressed, for the weak, for the strong. But this can be done only if we stand uncompromisingly for principle, for great issues, with the favor of Marshall, with the zeal of the crusader."

AT THE GENEVA Big Four meeting last month, he said, the American delegation "asserted then—and we shall always hold—that there can be no true peace which involves acceptance of a status quo in which we find injustice to many nations, repression of human beings on a gigantic scale, and with constructive effort paralyzed in many areas by fear."

For America, he said, Geneva spells not stagnation but "opportunity for our own people and for people everywhere to realize their just aspirations."

But he warned that eagerness to avoid war can produce agreement to perpetuate into the future the injustices and wrongs of the present.

"We must not," he said, "participate in any such false agreement. In the judgment of history, we would have sold out the freedom of men for the pottage of a false peace. Moreover, we would assure future conflict!"

Still, he said, "we must be quick to understand another's viewpoint, honestly assumed." He said too that many of those on the other side of the great East-West split among nations believe "with evident sincerity" that "human goals can be most surely reached by a government of men who rule by decrees ignoring man as a spiritual being and upholding the all-powerful state as the main source of advancement and progress."

Over near Amanda, a nine year-old boy also suffered a possible skull fracture plus a fracture of the left arm and head lacerations. Charles Albert Marion, son of Addison and Josephine Marion, reportedly fell 15 feet from a tree in which he was playing. He too was rushed to Berger Hospital and later transferred to Children's Hospital.

Deputy Sheriff Dwight Radcliff said that the little girl and her parents had stopped at a drive-in restaurant to eat. Returning to the serving window to get another hot dog, the girl reportedly climbed up on a stool which suddenly gave way. She allegedly fell head first to the cement pavement.

Hamilton County Eyes Water Lack

CINCINNATI (AP)—The unincorporated areas of Hamilton County are operating under a "water emergency" today.

The county commissioners declared the emergency because of the "critical limitation of water available" for fire fighting, health and sanitation. "Any connection to the county water system for any other purposes not essential to the preservation of health, property and livelihood is prohibited," the commission said.

Ohio Army Units Get Wage Hikes

WASHINGTON (AP)—The Army Air Force Wage Board today granted increases ranging from 4 to 12 cents an hour to 8,178 civilian employees at Army installations in Ohio.

These employees now are making from \$1.43 to \$2.85 an hour. The raises will appear in their first pay check after Sept. 7.

Those who will get the good news include 1,424 at Lima Ordnance Depot, nine cents an hour increase.

DEATHS AND FUNERALS

MRS. SIMEON G. HOY
Death claimed the former Lilian E. Turner, 81, Wednesday at 3 a. m. in her Laurelville residence.

Mrs. Hoy was born near South Bloomingville on May 17, 1874. Her parents were George and Ellen Davis Turner. In 1900, she married Simeon Hoy, who preceded her in death.

She was a member of the Liberty Hill Church near South Bloomingville. She was also active in the Ladies Aid of the Laurelville Evangelical United Brethren Church.

Survivors include: three daughters—Mrs. Opal Bottley, of Walworth, Wis., and Miss Leola Hoy and Miss Celeste Hoy, both of Laurelville; and one sister—Mrs. Minnie Vandagriff, of Lancaster.

Funeral services will be held Saturday at 1:30 p. m. in the Laurelville EUB Church, with the Rev. John McRoberts officiating. Burial will be in Green Summit Cemetery in Adelphi at the direction of the Deffenbaugh Funeral Home of Circleville.

Friends may call in the residence after 6 p. m. Thursday.

2 Youngsters Hurt Due To Separate Falls

Youngsters seem to be having some serious accidents here lately, according to reports from the sheriff's office here.

A seven year-old Detroit, Mich. girl suffered a possible fractured skull in an odd mishap north of Chillicothe. Kelly Sue Hatmaker was rushed to Berger Hospital following the incident and was later transferred to Children's Hospital in Columbus.

Deputy Sheriff Dwight Radcliff said that the little girl and her parents had stopped at a drive-in restaurant to eat. Returning to the serving window to get another hot dog, the girl reportedly climbed up on a stool which suddenly gave way. She allegedly fell head first to the cement pavement.

Over near Amanda, a nine year-old boy also suffered a possible skull fracture plus a fracture of the left arm and head lacerations. Charles Albert Marion, son of Addison and Josephine Marion, reportedly fell 15 feet from a tree in which he was playing. He too was rushed to Berger Hospital and later transferred to Children's Hospital.

Deputy Sheriff Dwight Radcliff said that the boy's aunt, Mrs. C. J. Nolte, saw the incident. She and William Spencer, who was visiting at the time, rushed the boy to the Circleville hospital.

3 Motorists Fined In Municipal Court

Three motorists were all that was listed by city court in its Wednesday report. These included:

James Grover Jr., 18, of Jackson; \$15 and costs for failure to have assured clear distance; arrested by Deputy Sheriff Dwight Radcliff.

Henry Rowe, 24, of Stanford, Ky.; \$10 and costs for not displaying an operator's license; arrested by Officer Leroy Hawks.

Bertha Blaum, of Waverly; \$10 and costs for passing without signaling; arrested by State Patrolman Paul Abbott.

Aid For Rebel Vets Asked By Unionists

CINCINNATI (AP)—The descendants of men who fought for the Union in the Civil War want the three living Confederate soldiers to get medical care at the expense of the federal government.

The Sons of Union Veterans yesterday endorsed a proposal that would provide for the payment of medical costs for the three survivors of the Army of the Gray.

'Gladiators' Travel To Ohio State Fair

Circleville's "Gladiators", the American Legion Drum and Bugle Corps which is bringing fame to the community, will compete with a dozen other units at the Ohio State Fair in Columbus Sunday afternoon.

Having improved with each competition this year, the "Gladiators" promise to make a good showing at The Fair in Columbus. But they will be up against some of the finest corps in the state, including:

Massillon's "Bugling Bengals"; "Satan's Angels" from Bellefontaine; the Forestville "Spitfires"; Marion's "Cavaliers"; the "White Clegs" of Dover; Dayton's sparkling "Thunderjets"; The "Demons" from Toledo;

Senator Irked By 'Pressures' For Retrials

PHILADELPHIA (AP)—U. S. Sen. Margaret Chase Smith of Maine told the American Bar Association meeting here today that she didn't like to see pressure on courts either by "the Department of Justice pressing for the disqualification of a judge who doesn't render the decisions it wants or a member of Congress pressuring for retrial of cases that have resulted in disappointment."

Mrs. Smith declared Americans were entitled to two things: free press and free trial. She said: "I believe that our greatest assurance that newspapers, radio and television will seldom abuse the right of freedom of the press to violate the right of fair trial is within the press itself."

"Responsible, intelligent and forward-looking segments of the press realize that freedom carries with it great responsibility—the greater the freedom, the greater the responsibility."

"The press realizes that how much that responsibility is met will determine how much freedom is enjoyed."

New Idle Pay Claims Declining

COLUMBUS (AP)—The Ohio Bureau of Unemployment Compensation says the number of newly unemployed claimants dropped slightly for the week ended Aug. 20.

In a report issued today, the BUC said there were 5,545 newly unemployed claimants during that week, compared with 5,892 for the preceding week and 7,535 for the week ended Aug. 6.

The total number of claimants unemployed one week or more also dropped from 35,160 the week ended Aug. 13 to 32,934 for Aug. 20.

Let's Take A Trip

New HIGHWAY Rt. 269 is now Open — it leads to Castalia, O., Home of the Famous Blue Hole.

If you haven't seen it — don't miss it. Drive down this week. If you have visited this beautiful spot before we are sure you will enjoy another visit now.

Fingerprinting On Visas May Be Abandoned

WASHINGTON (AP)—The administration has about decided to ask Congress to change a law which requires fingerprinting of all non-official visitors to the U. S.

The move is shaping up as part of a White House-backed plan to wipe out barriers which might block a broad cultural exchange with Russia and other countries.

Russia and some other nations have bitterly objected in the past to the fingerprinting required for issuance of an American visa.

The Soviets canceled a proposed visit by a group of student editors last spring rather than allow them to be fingerprinted. A similar complication which for a time threatened to halt the just-concluded visit of Russian farm leaders to this country was avoided by designating the group as an official delegation.

Fingerprinting is required under a section of the McCarran-Walter immigration law which Congress passed over President Truman's veto in June 1952.

State and Justice department specialists who now favor repealing this provision believe it would demonstrate American readiness to maintain and broaden friendlier East-West relations.

In Russia and Eastern Europe, fingerprinting is looked upon as a degrading business connected solely with criminals.

Trusty Accused Of Aiding Escape

COLUMBUS (AP)—Columbus police said today a warehouse trusty smuggled two hacksaw blades to the seven prisoners who sawed their way out of a dormitory window and escaped Saturday. All but two of the seven have been recaptured.

Investigators were questioning the unnamed suspect in the hacksaw smuggling. They said the man held a job outside the workhouse at the time of the escape.

GRAIN FUTURES

CHICAGO (AP)—Grains moved up and down, reversing their trend numerous times, in active dealings on the Board of Trade today.

Throughout the day wheat was weaker than the rest of the list, going down more easily and having difficulty in rallying. Corn displayed a firmer tone.

Wheat closed ½-1½ lower, September \$1.92½, corn ¾ lower to ¾ higher, September \$1.26½-¾, oats ¼ lower to ¼ higher, September 56¾, rye ½-¾ lower, September 66, soybeans ¼-¾ lower, September \$2.21¾ and lard 2 cents lower to 5 cents a hundred pounds higher, September \$10.70.

Mother Nature Acting Fickle In Handouts

Some Parts Of Nation Getting Hurt; Others Feeling Prosperous

By SAM DAWSON
NEW YORK (AP)—Fickle nature has been aiming blows at the economy in more than one section of the nation. At the same time it is dealing hot prosperity to others.
To the human misery and great property damage in Diane's wake will be added disruption of much industry and a strain on the building materials companies already plagued by shortages.
In parts of the Midwest hot and humid weather favored the corn crop for awhile. But now searing and dry weather is reported blasting the hopes of many farmers who had looked for a bumper crop.
In the eastern states hurricanes and floods ruined part of the tobacco and corn crops.
The heavy rains, however, revived many seared pastures, bringing cheer to dairymen. West of the Mississippi some areas have another story. There drought is killing pastures and some livestock men are reported saying they may have to rush cattle to market.
Butter production, partly because of the fickle weather, has been running 7 per cent lower this August than last.
Durum wheat farmers, on the other hand, have had a good year, nature having dealt lightly with them in the matter of disease. This wheat is highly favored by the makers of macaroni.
Diane's furious torrents dealt heavy blows to some eastern railroads, which won't be able to move much revenue freight for some time. Not only are their roadbeds gone, but also the output of many of their customers.
The storm's destruction of factories, highways, utilities, stores, heavy call for building material. The great building boom already was straining the capacity of some of the building material producers. Spot shortages in cement, gypsum and lumber have been reported, as well as in some copper and other metal products. Prices were creeping up in some lines.
Copper and brass fabricators in Connecticut are badly hit by the floods. They had been suffering from metal shortages. Now many of their mills are out of operation, probably for some time to come.
New England's textile industry, previously combating the move of the mills to the South, now is hard hit by flood and fire damage. The garment industry elsewhere may be disrupted for a time by delayed deliveries.
The financial district also bends to nature's whims. The insurance companies are figuring up the storm losses. And the municipal bond dealers are looking for a future rush of bond issues for reconstruction in the stricken areas. It could have an effect on the price and yields of present issues.

Kin Of Oil King Reveals Marriage

BEVERLY HILLS, Calif. (AP)—Lucy Estelle (Dicky Dell) Doheny, 39, granddaughter of the late oil magnate E. L. Doheny, says that she and Porter Washington, a dog handler, have been married since

Ford Agency Is Target Of 11 Truckers

CLEVELAND (AP)—Eleven Cleveland men yesterday sued a Ford agency and a trucking firm for \$275,663, charging they were duped into buying dump trucks by false promises of high paying jobs hauling material to the Ohio Turnpike.
The truckers claim the William L. Thomas Ford Agency advertised they would sell dump trucks to 12 men who would be given jobs with a long-established trucking company.
The suits claim the agency and the Barricelli Trucking Co. promised jobs of \$75 to \$100 a day, but that after they bought the trucks the defendants did not supply the jobs and the agency refused to take back the trucks.
Besides the Ford Agency and the Barricelli firm, the suits named as defendants the Commercial Credit Corp., which holds mortgages on the trucks.
Spokesmen for the auto agency declined to comment. Carl Barricelli said there was no truth in the charges.

Woman Files Deed For Minor Child

GREENWOOD, S.C. (AP)—The clerk of court's office here has received a deed signed by a woman to "grant, bargain, sell and release" her minor child.
The deed, made out in 1951 but just recorded, carried the sum of \$5.
Deeding of children in South Carolina still is legal but a relatively rare practice.

last Thursday. The new Mrs. Washington, a dog fancier, said yesterday that she and Washington were wed in a Reno, Nev., hotel. She was divorced last year from attorney W. Van Cott Niven, by whom she has three children.

Rubber Check Artist In Trouble

WARREN (AP)—Ralph L. Williams of Algona, Mich., charged with issuing worthless checks, was held to the grand jury under \$20,000 bond here yesterday.
He is charged with cashing a worthless check for \$232.41 at the Second National Bank here last week and was arrested at the Union Savings and Trust Co. as he

Open Charge Plan Dropped By Toledo

TOLEDO, Ohio (AP)—Prisoners in ersburg, who died Monday night of third degree burns. Relatives said her dress caught fire from a kerosene lamp.
Toledo no longer may be held on open charges.
The city's law department yesterday banned the practice of many police departments, that of holding prisoners "on suspicion" or "for investigation," without more specific charges.
Now prisoners must be charged as soon as they are booked, according to an opinion issued by assistant law director William D. Driscoll. The opinion, which followed a number of civil rights

Roll Off Divan Brings Odd Death

ST. PETERSBURG, Fla. (AP)—Mack Hopson, 37, a construction worker, rolled off a divan where he was sleeping, struck his neck on the ragged edge of a coffee can used as an ash tray and bled to death. He severed the jugular vein in his neck and died 35 minutes later.

incidents, will be made a part of the police manual and issued to every officer.
More than 1,000 arrests have been made each year, and about 300 persons a year have been released without any charges ever being placed.
The ruling also specified that an arresting officer must inform a prisoner of the charges against him, and that warrants must be issued whenever prisoners are placed in jail.

THE PRISONER PROBLEM

ELEVEN HEROIC U. S. fliers are settling into American life again after their dreadful ordeal with Red Chinese barbarism, but the problem of what to do about communist prisoner-of-war practices remains unsolved. A code of conduct issued by the President instructs Americans who are captured to resist red barbarity to the limit.

But in the long stretch of cold war years that may lie ahead efforts must be directed toward the communists to persuade them to end their callous practices, followed by retaliatory steps if they fail.

Secretary of State Dulles has suggested the United States might publish a white paper detailing the terrible experiences of Americans who were prisoners of the reds and hold this table of horror before the world until the communists discover their methods are a liability. If this failed, it might be necessary to seek new Geneva Convention definitions governing treatment of prisoners of war to replace those to which Moscow and Peiping do not adhere.

The West would never descend to torture, but prisoners could be employed in work camps and prisoner volunteers could be permitted to take up arms against the reds.

First, Moscow and Peiping should be informed there can be no negotiations on adjusting disputes or promoting disarmament until the communist governments agree to adopt civilized treatment for prisoners.

The U. S. has insisted upon good deeds as a test of good faith. Instead, the worst deeds imaginable have been inflicted on American military personnel and civilians by red captors, and there has been no confession of error or pledge of reform from any sector of the communist world.

MONKEY BUSINESS

A NOBEL PRIZE winning scientist has proposed that monkeys be trained to perform routine tasks that human beings find dull or distasteful. Sir George Thomson, whose idea this is, believes that the best breeds of monkeys have sufficient intelligence to become the drudges of mankind.

Sir George says the only reason they are not thus occupied is that nobody has taken the trouble to train them. It's a startling idea.

But it's also an arresting thought whether, once installed in the servants' quarters of the human family, upgraded simians would be content to retain that station in life.

If monkeys in general are smart enough to handle routine jobs, there might be some gifted ones among them who would insist on assuming more responsibility — like addressing the envelopes, not merely licking them.

It's conceivable that a brand new minority group would take form, with all the sensitivities and strivings inherent in such groups. Perhaps, with no disrespect to Sir George, it would be the better part of wisdom to drop the whole idea.

There are too many men, as things are, making moneys out of each other to try to make men out of monkeys.

WATERFRONT WATCHERS

AN INSTITUTIONAL anniversary too little noted in the U. S. interior is that of the Coast Guard. This division of the Treasury Department was founded 165 years ago this month to suppress illegal

Youngster Meets An Ocean

By HAL BOYLE
Mass. (P) — Tis has been a crowded and happy time for our daughter Tracy Ann, who isn't quite 26 months old. During a week's stay on this historic old whaling island off the Massachusetts coast she enjoyed her first dip in the Atlantic Ocean and had her first romance.

One of the odd things about parents is that they always hope their children will like the things they do. All my life I have loved wind and rain and the sound of water, and I wanted Tracy to feel the same way about them.

She likes to try to catch a breeze in her fingers, to go wading in the rain, to watch the moon come up. But I was afraid

the ocean might seem overpowering to her. But Tracy made friends with the ocean on sight. Dressed in her first bathing suit, she stepped to the edge of the beach, squinted out at the sail-studded sea and announced gravely: "Big water. What's it doing, Daddy?"

That rather stumped me. Tracy stuck a pink thermometer (her big toe) into the water, and pulled it back. "Cold," she said. The surf moved in and covered her ankles. "Big water — it comes at you," she said, as if she had made a profound discovery, as indeed she had. A moment later she was prancing waist deep in the water, and I had to restrain her from wading right on over to Europe.

"Can't walk on big water," she said, puzzled.

"Don't worry about it, honey," I reassured her. "Daddy can't either. If he could, he sure wouldn't have to work for a living."

Most young ladies complain there aren't enough young men at a resort. Tracy hasn't had that trouble. Soon after we returned to our apartment a young fellow with a nose full of freckles looked up at Tracy in the window and called, "Hi, stupid."

Flattered at this mark of esteem, Tracy replied, "come up!" a moment later the little boy appeared in the doorway and said, "I'm Davy Crockett, an' I'm more'n 6 years old."

George E. Sokolsky's

These Days

John J. McCloy, Chairman of the Board of Directors of the Chase-Manhattan Bank in New York, defined the nature of banking in a manner that indicates the degree to which this service industry has become socialized in this country. He said:

"... it is relevant to note that in supporting their objective to foster the soundness and capability of banks, the supervisory authorities place certain definite limits on the competitive process. For example banking is not a business which anyone can enter who has the necessary capital and who desires to go into it. Indeed, existing banks are not even free to expand as they may desire. The supervisory authorities — the Comptroller of the Currency, the Federal Reserve Board, the FDIC, or the various state banking agencies — exercise control over entry into banking; they control the ability of existing banks to establish new branches; and their approval is usually required for any increase in capital stock.

"Today in New York City, for example, it is not possible for a bank to open new branches in many areas of the city. Frequently the supervisory authorities will not permit additional offices on the ground that there is already an established bank in the area and the opening of a new branch might lead to excessive competition. This same situation prevails in many other areas of the country as well. Hence one of the primary requisites for free competition — freedom of entry — is generally absent in banking."

It was never intended, either by the Congress or by state legislative bodies, when bank legislation was passed, that competition should be eliminated from banking, just as when railroad legislation was passed, it was never intended to reduce the railroads to non-competitive operations strangled by the bureaucrats of the Interstate Commerce Commission. These are two examples of bureaucratic excesses which do not serve the people who are led falsely to believe that they are in some manner protected by officials.

Mr. McCloy says: "... banking is not a business which anyone can enter..." which is only too true. But who are the political appointees who determine who is to be permitted to enter the banking business? It would be interesting if a Congressional committee would gather data on how many employees of the Federal Reserve Board or the Comptroller of the Currency, who looks after banks in the Federal system, or the State Banking boards and control agencies have found employment with banks while they were working for government or immediately after they were fired or retired. It is not unusual to hear, a year or two in advance, that such and such an official will get a job in such and such a bank when he is retired — and he does.

But from what vast experience are these bank controllers and examiners recruited? Often they are lawyers without much practice who get a government job; often they are young men on the Civil Service to whom a million dollars is a shocking fact. Some of these bank examiners are so ignorant of normal business practices that their inspections become an absurdity at which practical bankers laugh but the recommendations of which they must obey.

(Continued on Page Six)

Yankee smugglers who found they could earn a livelihood by evading customs.

During World War II the Coast Guard was pressed into active duty to aid in protecting the U. S. coastline. It was credited with destroying 12 enemy submarines.

The service's principal mission today is sea rescue work. With a current strength of 3,500 officers and 25,000 men (down from a wartime peak of 172,000) it goes efficiently about its business operating hundreds of vessels and scores of aircraft.

Landlubbers who live far from the shores do not hear much of this service. But they should be grateful nonetheless for the work of the waterfront vigilantes of the Coast Guard.

DIET AND HEALTH

Summer Insect Pests

By HERMAN N. BUNDESEN, M.D.

WHAT is the worst summer-time pest? That's easy, it is the mosquito. I don't think many of you will argue with me about that. Even with all our mosquito control programs and household insecticides, some of these pesky little insects manage to nip us numerous times through the summer.

No Special Target

Maybe you think you've been singled out as a special target, but this is not so. Mosquitoes are pretty democratic. They will bite just about anybody who is not protected. At least the females will and they are the ones who do the biting.

For some mysterious reason, a female mosquito cannot lay her eggs after she has mated until she has a blood meal. That is when she seeks you out and sinks her proboscis into your arm or leg.

Protective Measures

However, there are many things you can do to protect yourself.

Insect-repellent candles are reported to be pretty good when you are just sitting around outdoors. And there are numerous repellent solutions on the market.

An especially effective one is a solution of two parts ethyl hexanediol, two parts indanole and six parts dimethyl phthalate, which can be bought in your neighborhood drug store. Rub it on your skin and mosquitoes will shy away from you for from two to four hours.

You can get immunity for up to three weeks if you douse your clothing with this repellent. It might be best to use old clothing, because the solution will remain effective even after washing.

Light Colors Are Best

The color and type of clothing also reportedly plays an important part in repelling mosquitoes.

Tests conducted by a Canadian professor, a few years ago, showed that mosquitoes were most intrigued by dark-colored clothes. Light summery colors won't attract them as readily, according to the tests. And, apparently, mosquitoes hate green most of all.

Shiny Fabrics

The reports also indicate that mosquitoes do not like shiny materials, such as satin.

Since these little pests are especially attracted to warm, moist bodies, you're probably more apt to be bitten if you are perspiring. They also like the carbon dioxide of human breath.

QUESTION AND ANSWER

Mrs. E. R.: What are the symptoms of diverticulitis and what can be done for it?

Answer: Diverticulitis of the intestine means that there are little pouches which have formed in the intestine. These pouches often become inflamed. When they are inflamed, the condition is called "diverticulitis."

The exact cause is not known. Usually a bland diet may prove helpful and also rest. X-rays should be taken in order to make a definite diagnosis.

Looking Back In Pickaway County

FIVE YEARS AGO

Ronnie Melvin, James Bartholomew and Charles Magill, all members of the CHS marching band, will appear in the all-star state fair band.

Nearly 5,500 Pickaway County boys and girls are expected to be enrolled in school in September.

Carolyn Martin of the Circle Sew Straight 4-H club was named the healthiest club member of the county.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

Newest thing in the fashion world is yarn and thread that reflects light, for making fabric glow in the dark. That's so you can go home lit.

The FHA is worried about possibilities of racketeers infiltrating the bomb shelter business. Those fellows have a way of making people feel the need of that kind of shelter.

The government took over a Cleveland excavating firm's machinery for taxes. Now who's going to dig up the money?

A Soviet scientist said at Geneva, "The launching of an artificial satellite to circle the earth is being prepared in the Soviet Union." Those Communists will try to get around anything.

The government says the Commodity Credit corporation made a deal which gave cheesemakers nearly \$2,000,000 in windfall profits. It sure gets around when cheese is involved in a windfall.

The Commodity Credit attorney says the cheese was bought and sold at a price differential to keep dairy prices from slipping. Evidently you can do cheese business in cream as well as in curds.

Harry Truman said he was going to "tear into the Republicans with their own ammunition." Well, they do have a mighty big gun.

CHAPTER TWENTY-SEVEN
SARA took a deep breath. "Because I saw the real Gerry Hone tonight."

"What?" If her purpose had been to startle Clive, she had certainly succeeded.

"He wasn't a delusion. He was as real as you are, sitting here, in this room, talking to me. I didn't just see him. I heard him. I touched him. The fake Gerry is a former movie actor named Mark Clifford. The real Gerry was his stand-in long ago."

Clive's face was harder than she had ever seen it before. "Will you tell me just what happened? Everything?"

It was a relief to talk to Clive, Sara was careful to tell her tale concisely, marshalling all the facts in chronological order. "Now," she said at the end. "Does that sound like the delusions of a paranoiac?"

"No. It sounds much more serious." Clive was on his feet. He paced to the window and turned to face her again.

"What could be more serious than insanity?"

"Crime." He spoke slowly. "This becomes fascinating. Rather like a problem in chess. The various possible combinations."

"I see only one," retorted Sara. When Gerry disappeared, an impostor took his place, because the impostor believed Gerry had hidden the ruby in his apartment or his office."

"And why hasn't the real Gerry unmasked the impostor yet?" "Maybe he wants to give the calf enough rope."

Clive's keen eyes glittered in the lamplight. "My dear, are you tough-minded or tender-minded?"

"I hope William James would class me with the tough-minded, though I'm sure Mickey Spillane would not."

"Are you strong enough to stand one more shock this evening? A shock that may bring you the final truth about this whole matter?"

"After so much doubt and uncertainty any truth would be a relief, however shocking."

"Algebraic problems are often solved by inversion. Try inverting this business of Gerry Hone."

Sara's brows bent in thought.

"There was an impostor who did impersonate Gerry Hone. Your premise was right. But one of your inferences was wrong. You inferred that the impersonation was the result of a disappearance and, therefore, took place after the disappearance. Actually, the impersonation took place before the disappearance and the disappearance was a result of the impersonation."

"What do you mean?" "The man who met you in the 10-cent store and deserted you in the Automat was the impostor, Mark Clifford. It was then and only then that any impersonation took place, until his visit to you this evening. The man who appeared in Gerry Hone's apartment this morning was the real Gerry Hone, returning from a visit to Mrs. Harrison, as she and everyone else, but you, stoutly maintained."

Sara's head was ringing as if she had received a physical blow. But when the dizziness waned all the facts began to click into their appointed places.

Bennett Cerf's

Try, Stop Me

One of the most talked-about events at the Coronation of Queen Elizabeth was the arrival, from darkest Africa, of the amazonian Queen Salote of Tonga. She was almost seven feet tall and her perpetual grin delighted the English. She solidified her popularity when, during a sudden downpour during the procession, she was the only notable who refused to put down the top of her carriage. She was soaked to the skin in order to wave happily at the crowds.

At a fashionable dinner that night, everybody was talking about Queen Salote. "I wonder who that tiny man at her side?" speculated one lady. Noel Coward, bored by the whole conversation,

Local Rotarians had the pleasure of listening to Guy C. O'Donnell of Dayton, governor of the Kiwanis Clubs of Ohio.

The members of the Circleville Business and Professional Women have chartered a bus to attend a regional picnic at Old Man's Cave.

Rita McKinnon Exchanges Vows With Carl E. Cupp

To Live In Carey After Honeymoon

Wearing an exquisite gown of regal Chantilly lace, Miss Rita E. McKinnon, of Carey, repeated marriage vows with Carl E. Cupp, of Circleville Route 2, last Saturday at 10:30 a. m.

Miss McKinnon is the daughter of Mr. and Mrs. Ralph McKinnon. Mr. and Mrs. Harry Cupp are the parents of the bridegroom.

The lovely ceremony took place in Our Lady of Consolation Church in Carey. Miss McKinnon was given in marriage by her father.

Miss Irene McKinnon of Carey, sister of the bride, was the matron of honor. Mrs. Frank Anast, of Findlay, another sister, and Mrs. Eugene Laube, of Carey, a close friend of the bride, were the bridesmaids.

Mr. Cupp's brother, Nelson, of Youngstown, acted as best man. Marshall B. Cupp, of Willoughby, another brother of the groom, and a fraternity brother, Walter F. Smith III, of Plainfield, N. J., were ushers.

Miss McKinnon's gown had a contoured bodice, demured by a high neckline which was decorated with iridescent sequins. It featured long, tapered sleeves ending in points over the wrists.

The voluminous skirt, detailed in recessional beauty with an enchanting cascade of pleated nylon tulle ruffles, fell to break taking fullness in a brush sweep.

The veil of imported fingertip tulle was attached to a lace pill box, which was accented with tiny seed pearls. Her only jewelry consisted of a pair of pearl earrings. She carried a white crystal Rosary.

Miss McKinnon's flowers were white Picardy gladioli, centered with an orchid. The orchid had white streamers with lovers knots.

Mr. Cupp's mother wore a rose dress with white accessories. She had a white carnation corsage. Mrs. McKinnon wore a white dress with navy blue accessories. She had a pink carnation corsage.

The bridesmaids were dressed in identical ballerina-length gowns of ice blue crystalline nylon (princess style), featuring accented-pleated, scooped necklines and full skirts. Each wore white nylon gloves and carries shrimp colored Picardy gladioli. Their hats were little and white.

Little Cynthia Anast, the bride's niece, acted as flower girl. She wore a shrimp colored organza

dress with a tiered skirt and ruffled neckline. She carried a basket of white chantilly lace, filled with blue and white flowers. In her hair she wore a halo of white flowers. She too had on white gloves.

Harold McKinnon, brother of the bride, and John Windau served as acolytes.

The church was decorated with large green ferns and bouquets of gladioli gracing both sides of the Communion rail. The wedding party entered the church on a white carpet.

Mr. Vincent Brown, at the organ, presented a number of favorite selections prior to the ceremony.

A buffet supper was served at the home of the bride's parents for the reception. The guests were served by: Mrs. Lewis Buckingham, of Tiffin; Miss LaDonna Elchert and Mrs. Howard Snowberger, of Carey. The home was beautifully decorated with bouquets of fresh cut flowers.

Miss McKinnon graduated from Carey High School. Mr. Cupp is a Circleville High School graduate and received a degree from Ohio University in 1952. He has attended Ohio State University for the past three summers.

He served for 18 months in the Army and is a member of the Acacia Fraternity. Mr. Cupp is now a teacher at Carey High School.

Following a honeymoon trip to Vacation Valley (Echo Lake), Pa., the couple will reside at 325 W. Findlay St. in Carey.

ket dinner will be served starting at noon.

Twenty-First Stoer Reunion Staged Near Williamsport

The twenty-first annual Stoer reunion was held recently at the home of Mr. and Mrs. David Stoer, of near Williamsport.

A picnic dinner was served on the front lawn, with the members being blessed with an ideal day. Members who attended included: Mr. and Mrs. Charles Stoer and their descendants: Mr. and Mrs. Virgil Caudy, Mary Lou, Alan, Charles, Patricia and Carol Caudy, all of Troy; Mr. and Mrs. Leland Frederick and daughter Sue, of Tucson, Ariz.;

Mr. and Mrs. Byron Stoer and children Billy and Jane; Mr. and Mrs. Kenneth Stoer and daughters Linda, Janet and Vicki; Mr. and Mrs. Myrl Lewis and children, Jerry, Marjorie and Larry, all of near Mt. Sterling; and Mr. and Mrs. David Stoer and daughters

Connie, Sue and Pamela, all at home.

Guests included: Mr. and Mrs. Earl Morris, of London; Miss Lola Justus, of Columbus; Mrs. Jose Jenkins, of near Five Points; and Miss Mazie Miller, of London.

The afternoon was spent in games, singing, horse shoe pitching and visiting.

Swoyer Reunion Held At Goldcliff

Goldcliff Park was the scene last weekend of the fiftieth annual Swoyer Reunion.

Following the family dinner, a short business meeting was held. Officers elected during the meeting included:

John Hummel, president; Mrs. William Hoover, vice-president; Elmer Strous, secretary-treasurer; Mrs. Emerson Dum, registrar; and Mrs. Peter Young, historian.

The group decided to hold the 1956 reunion again at Goldcliff Park on the third Sunday in August.

Circleville's Leading Store for Misses and Women

Thomas S. Ireland Guest Speaker At Women's Meeting

The Pickaway County Women's Republican Club entertained its members, families and friends with a picnic last Monday at the Scioto Valley Grange Hall, north of Ashville. A casserole supper was served at 6:30 p. m. in the dining room, followed by a program at 8 p. m. in the assembly hall.

The program was opened by the president, Mrs. H. O. Caldwell. The pledge of allegiance was led by Mrs. Donald Watt. The Star Spangled Banner was sung by the members and guests.

A prayer was read by Mrs. H. E. Lewis. Reports were given by Mrs. C. E. Mahaffey and Mrs. H. E. Lewis, captains of the membership campaign. The quota set by the National group has been exceeded, it was reported.

The guest speaker was Thomas

S. Ireland, a world traveler, author and lawyer who recently returned from a 10-week trip through Europe, the near East and behind the Iron Curtain. His talk was very entertaining and informative.

Mrs. Caldwell showed colored films taken at the garden party at her home in June. A program of music was given by Mrs. Ches-

ter Noecker and Mrs. Harold Hines.

Mrs. Elmer Payne was chairman of the hostesses, and was assisted by: Mrs. Lloyd Baum, Mrs. A. W. Boone, Mrs. Elliott Crites, Miss Dorris Cook, Mrs. Floyd Foor, Mrs. Arthur Swingle, Mrs. Ben Vause, Miss Gladys Vause and Mrs. Joe Vause.

Approximately 150 people attended the dinner and meeting.

T-X brings instant relief from itching of Athlete's Foot!

T-X is equally effective as a treatment for ringworm and fungus infections.

T-X is liquid—not greasy—dries at once. No need for bandages.

Mr. W. S., an Akron, Ohio, businessman, tells how T-X helped him. Says Mr. W. S.: "While I was in Trinidad, I contracted a very bad case of athlete's foot. It ate all the flesh off the bottom of my foot . . . in a few places the bone was . . . exposed. The doctors there could do nothing and they

tried every medication in the book. I came home and heard about T-X. I began using it right away and . . . within two days new skin was forming on my foot and by the end of the first week my foot was completely healed."

TRY T-X yourself . . . if you are not 100% SATISFIED . . . you get your money back! T-X is sold at leading drugists . . . or send \$2.00 direct to T-X . . . 788 Canyon Trail, Akron 3, Ohio. We pay postage.

Champions Don't Impress Ward Skinner

There must be a million kinds of champions — fasting champions, running champions, walking champions, etc.

But, personally, Ward Skinner isn't impressed. He happens to hold a few championships himself.

When he was 6, Ward set a record by eating 29 marshmallows at his first picnic.

Then a couple years back Ward set a new record for the greatest number of times that a radio has been banged up and down on a table to make it play.

But the championship Ward prizes most is his reputation for being the friendliest grocer in Circleville.

Come in and visit the "Champ" soon, please.

World Today

By JAMES MARLOW
Associated Press
News Analyst

WASHINGTON (AP)—In the old vaudeville days, shows opened with a juggling act, a few fox terriers, or acrobats on a tight-rope. Nowadays Marshal Tito is the nearest tightrope walker in Europe.

The boss of Communist Yugoslavia skips along nimbly, and so far successfully, on a thin line between the West and Russia, doing business with both sides. This is sometimes called playing both ends against the middle.

Tito himself in a speech last month called it "cooperation and normalization of relations."

Yugoslavia fitted neatly into the East European Communist bloc until 1948, when Stalin made the mistake of ordering Tito around too much. He broke with the old dictator.

His Red neighbors cast him into a Communist limbo and for at least five years filled the airwaves over Eastern Europe with a campaign of vilification, including the use of the word "hangman."

All this was delightful news to the West. This was the first time a satellite had cut loose from Russia. No one could tell, if Yugoslavia was handled right, whether more satellites might follow.

Since Tito's break with Stalin, the United States has given Yugoslavia about 500 million dollars in military aid and perhaps the same amount in economic help, in grants not loans.

After Stalin's death in 1953 the new rulers of Russia, seeing the damage their old boss had done to the onetime solid Communist front in Europe, began to make goo-goo eyes at Tito to woo him back. He wasn't wooed easily.

He had it pretty good in his relations with the West and the help he got from that direction. This year the Russians — Premier Buganin and Communist party chief Khrushchev — made an humble pilgrimage to Yugoslavia.

This worried the West no end, particularly when Tito and the Russians seemed to have patched up their old quarrel. It was at this point Tito climbed up on the tight-rope.

If he could deal with both the West and Russia and the satellites he would have it twice as good as in the past, when he had been able to deal with only one side at a time. There was a future in playing hard to get.

In July he made a speech. "We are Communists," he said, "but we do not wish to be affiliated with any bloc. We wish to be an independent country."

At the same time, he said, "I reiterate we shall not take a single step away from our friendly relations with the West."

Tito is a businessman. He got the Russians to cancel an old 90 million debt, dating back to before 1948. And he may be able, through an economic mission he sent to Moscow, to get a 120-million-dollar loan from them.

He said in his July speech his foreign debts are 400 million dol-

Carolina Air Crash Death Toll Set At 9

CHARLESTON, S.C. (AP)—Nine airmen and civilians were killed Tuesday when a crippled C19 Air Force Flying Boxcar burst into flames and crashed into three small frame houses near the Charleston Air Force Base.

Five of the 11 crew members died in the predawn wreck. The six survivors were hospitalized but apparently none had serious injuries.

Base officials believed all bodies were recovered from the charred remains of the plane and houses. Four of 10 persons living in the houses were killed.

Cops Find Drunk Telling Truth

SALT LAKE CITY (AP)—Police Officer R. B. Jacobsen was called to the scene of a residence construction. He saw a man loading materials into his automobile. What are you doing? asked Jacobsen, and the man replied, "It must be pretty obvious what I'm doing — I'm copping a few bricks." Jacobsen hauled him in and booked him for drunkenness. The 29-year-old man gave his occupation as "student."

Oklahoma Cops Capture Kangaroo

OKLAHOMA CITY (AP)—"I just saw a kangaroo on Northeast side," the caller, vocally shaken, telephoned police. Dispatcher C. D. Scott hopped to his duties, setting off a fullscale East Side safari of patrolmen headed by Julian Frazier, Lincoln Park zoo director. Frazier and his men soon spotted their quarry, hiding in the brush, and jumped it. The animal turned out to be stuffed, apparently planted by a prankster.

lars and now he's asking the West to help him out on 100 million of them.

Beginner Swim Class Success By Red Cross

Interest was so high in the Red Cross beginning swimming class here this month that plans are being made to start the lessons by the first of June next year.

Local Red Cross officials said that they could not take care of all the requests made here by parents. But, they added, by starting earlier next year they hope to enroll all who want to learn.

There will be no other swimming classes for the remainder of the Summer, the local Red Cross unit announced. The previous class extended for two weeks at the beginning of this month.

William Barthelms, of Circleville Route 2, led the instruction. He was assisted by Jo and Flo Goldschmidt and Don Skinner.

THOSE WHO were enrolled in the beginning swimmer class held at Gold Cliff Park included the following:

Jeffrey Miller, Sally Linn, Kathy O'Brien, Judy Sykes, Linda Styers, Robert Adkins, Sarah Mowery, Pete Mowery, Bruce Pontious, Linda Nell Steinhouser, Peggy Jo Steinhouser, Mary Mader, Jane Mader, Judy Young, Kenny Dewey, Anne O'Brien, Becky Stevenson, Stephen Weiler, Mike Wilson and Jim Wood.

Tree Root Traps Sleeping Toad

SAN ANGELO, Tex. (AP)—A horned toad is alive and kicking after apparently napping long enough for a small tree root to grow around one leg and trap it. The little lizard was found this week squirming helplessly near a mesquite tree in Charles Holster's back yard. Another toad seemed to be keeping it company.

It's plight recalled another sleepy head horned toad, Old Rip, supposed to have been found alive in 1929 in the cornerstone of the old Eastland County courthouse. Legen said Rip was sealed in the stone 31 years earlier. Old Rip's coffin now occupies an honored spot in the new courthouse.

Chillicothe Court Fines Local Trio

Circleville motorists appear to have a liking for the Chillicothe Municipal Court with three having recently having had dealings there.

James Toles, 51, and Fred Brungs, 42, were sent to the Ross County jail when they could not pay fines of \$15 and costs each. Toles was found guilty of allowing Brungs, an unlicensed driver, to operate his car. Brungs was fined for driving without a license.

William Fowler Jr., 37, forfeited a \$25 bond when he failed to appear in court. He had been cited for failure to yield the right of way.

Brewer, 34, Beverly Hills socialite, plan to be married Thursday. Dietrich, vice president of the Hughes Tool Co., was divorced last year from Mrs. Carol Dietrich, 51. He has three children and Mrs. Brewer, divorced in 1947 from Chauncey M. Brewer, an engineer, has two daughters.

THE OHIO FUEL GAS COMPANY

Sokolsky's These Days

(Continued from Page Four)

The banks in a city like New York, in prosperous times, pile up money which they cannot use freely, but which life insurance companies can use freely. The laws governing the movement of money are so inconsistent that all sorts of side-line groups go into indirect banking business by devices which give them a competitive advantage in the principal function of a bank which is to lend money at interest with the object of making a profit.

Whenever, in the capitalist system, the object is to make a profit, the prospect of a loss is ever-present. The capitalist system is a risk economy. Socialism provides security by government guarantees; it also reverts to slavery, which is the surest way of guaran-

teeing security. If banks or any other industries in a capitalist country are to serve without any risk at all, then they become government institutions.

When you look at McCloy's list of controlling agencies, it is clear how close the banks are to being government agencies. And if the bankers do what the government wants them to do, whether or not it is sound or even honest, the banker is a great man; otherwise, he can be hounded out of the business.

Thieves Prepared For Rare Party

OAKLAND, Calif. (AP)—If the thieves who raided a super-market here Tuesday plan a party it should be a stem-winder. Police said they took 60 cartons of cigarettes, 10 cases of whisky, 10 of wine and beer, 8 cases of coffee, 15 of canned goods, plenty of frozen foods, bread and packaged meats—and a radio.

Plymouth, biggest of the low-price 3, is also

BIGGER THAN CARS COSTING \$500 MORE

Get the biggest value in town! You get big-car size, big-car beauty and big-car comfort at the lowest possible price when you choose a big 17-foot-long Plymouth.

Even many medium-price cars (let alone the other two low-price cars, which aren't nearly as long, as roomy, as heavy or as handsome as Plymouth) can't match Plymouth for over-all size

and value. In fact, you could spend as much as \$500 more and still not get a car as big as Plymouth.

So don't be fooled by misleading claims! Compare price tags and you'll immediately see that, model for model, Plymouth sells for much less than medium-price cars and gives you much more car for your money.

Get the biggest deal in town! With sales piping hot, your Plymouth dealer is able right now to give you the biggest, sweetest deal of the year on a new '55 Plymouth. He's ready to offer you a sky-high allowance for your present car—probably much more than you'd expect!

What's more, he'll be glad to arrange quick, easy financing. Better hurry over to see him now.

Ballot Display To Be Feature Of State Fair

Collection Includes Many From Abroad Including Russia

COLUMBUS, Ohio (AP) — Foreign election ballots featuring a display at the Ohio State Fair opening Friday include one printed in Braille.

Secretary of State Ted W. Brown Ohio's chief election official, obtained the ballot with raised dot lettering from Japan. He said Japanese allow that type ballot because numerous voters have impaired vision.

Similarly afflicted Ohioans use regular ballots. But a close relative of two election officials of different parties can mark Ohio ballots for the blind at the polls.

Other foreign ballots in Brown's display at the merchants and manufacturers building come from Russia, Korea, Great Britain, Ireland, Canada, Australia and Argentina. Some are actual ballots; others reproductions.

Ohio ballots in the display include one bearing three proposed amendments to the State Constitution. Buckeye voters will decide whether to make the changes in the Nov. 8 election.

Pictures of President Juan Peron and the late Mrs. Peron adorn a ballot from Argentina. The "Partido Peronista" ballot was for the election held in November 1951.

A later ballot of the same party for the 1954 election bears only the picture of "strong man" Peron and the party emblem. Other ballots from Argentina contain party names reported in connection with recent disturbances in that South American nation.

The Russian ballot is for election to the Supreme Soviet, Tadzhik, S. S. R. The one on display lacks the names of candidates that are printed in for voters to approve.

Brown explained that printed Russian ballots eliminate almost any choice by voters. They would have to write in another name or vote "no" in front of the printed name.

Few do that, Brown said, because most Russian voting is done under the watchful eyes of officials. Both are provided but seldom used, to avoid suspicion, he added.

Reports on the Feb. 27 election in Moscow said Young Girls of the Pioneers, a Communist youth group, volunteered to stand guard over ballot boxes in addition to the election commission members who check the names of each voter.

British ballots in the display list the address and occupation of each candidate under his name.

Candidates for Parliament in Great Britain must meet a number of regulations. They must be British subjects, at least 21 years old. And they need 150 pounds, about

Americans 'Need' More Insurance

ST. LOUIS (AP) — A Cincinnati insurance executive told the National Assn. of Life Underwriters that America is "grossly under-insured."

John A. Lloyd, executive vice president of the Union Central Life Insurance Co., said insurance men shouldn't be misled by the total worth of insurance in force, "a staggering \$39 billion dollars."

He said this means the average worth of policies in force at the end of 1954 was only \$3,700. "How far," Lloyd asked, "will \$3,700 go toward replacing the breadwinner?"

Craneman Killed

CINCINNATI (AP) — Joseph Washington, 40, was electrocuted yesterday when a crane on which he was working touched a high tension wire in Indian Hill.

\$420, and 10 friends to sign a nomination paper.

Korean ballots displayed were used in the May 20, 1954, election for national assemblymen.

Visitors to the fair can use voting machines in the display to express their sentiments on six questions. The unofficial poll asks:

Did you vote in primary elections? Do you vote in general elections? Should state senators serve four-year terms? Should the General Assembly meet every year? Should every child be required to be vaccinated against polio? Who will win the American League baseball pennant?

Youth Missing

IRONTON (AP) — Police here reported that Mr. and Mrs. Marshall Webb said their son, Ronald, 16, left home to cut grass in another part of the city and never returned. Ronald has been missing since Aug. 16.

14 Barking Dogs Reveal Death

AKRON (AP) — The 14 dogs lined up outside the cottage door and barked. That was what brought neighbors who yesterday found the body of Mrs. Theresa Hines, 44, who, the coroner said, died last Friday of a heart ailment.

Mrs. Hines and the dogs, of various sizes and breeds, had lived for years together at the cottage in Northampton Twp. A will found in the cottage directed the property be left to a cousin on condition the cousin and her husband move into the cottage and care for the 14 dogs. Otherwise, the will said, the property was bequeathed to the Animal Protective League.

Pastor, 2 Kiddies Felled By Polio

CINCINNATI (AP) — A Baptist minister and his two children are polio sufferers.

The Rev. Arthur Gordon, 30, of Williamsburg, Clermont County, is in critical condition in General Hospital, attendants reported today. Son Jack, 6, is in the same hospital seriously ill. Daughter

Joyce, 23 months, is in good condition at Children's Home.

The Cincinnati Health Department said it was the first time this year that three members of one family from the area had been stricken with polio.

\$2,850 Monthly Allowance Asked

LOS ANGELES (AP) — A petition for \$2,850 monthly allowance has been filed by Mrs. Anita Lipton Warner from the estate of the late Thomas W. Warner III, heir to an auto parts fortune. Warner died

last May 13 when he fell over a 12-foot garden wall in the rear of his Pasadena home.

Mrs. Warner, whose screen name is Nora Perry, received \$200,000 in community property and \$600 a month when she was given a separate maintenance decree. She was Warner's fourth wife and was specifically disinherited in a will dated July 12, 1953. Mrs. Jean McDonald Warner, Warner's second wife, was bequeathed the bulk of the estate.

Peace Hope Seen

LAFAYETTE, Ind. (AP) — Dr. Theodore C. Mayer of Steubenville, Ohio, says mankind faces the most hopeful prospect for world peace ever. He spoke yesterday before the National Convocation of Methodist Youth.

"We have crossed the great divide between the era when men settled differences through war and into the era when men settle problems by arbitration," he said.

OHIO STATE FAIR

IN COLUMBUS

YOUTH DAY, AUG. 26th

Hi pardners,
Med-O-Pure, my favorite dairy, has invited me to the Ohio State Fair on Friday, August 26th to meet all you boys and girls. Make it a date right now, 'cause it's Youth Day, and Topper and I will be anxious to see all of you. I'll be there just one day only, Friday, August 26th.

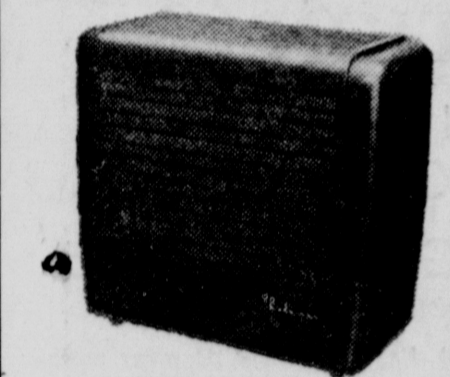

P. S. Starting August 27th, you can see Topper and me on TV — Channel 6 — 6:00 P. M. It's a new time and I thought you'd like to know.

In the meantime, keep drinking plenty of that GOOD Med-O-Pure milk... it's my favorite. And, by the way, have you tried my favorite buttermilk? It's Med-O-Pure Golden West Buttermilk. East or West... it's the best... and it's good for you. Try some, won't you?

Your pal,
HOPPY.

Bosox Ready For Second Tribe Game

CLEVELAND (AP) — The Boston Red Sox, who beat the Cleveland Indians 8-3 last night, send big Frank Sullivan against the Tribe today in an effort to take up another notch in the American League race.

The fourth place Red Sox are now only 3½ games out of first place, and another victory today would move them within a game and a half of the third place Indians. Chicago took over the lead last night by splitting with Baltimore while the New York Yankees lost to Detroit.

Sullivan, one of the few pitchers in the league who has a chance to win 20 games this season, will be trying for his 16th today. He is 3-2 against the Indians.

The Cleveland pitcher will be Mike Garcia, who won his last start against the Red Sox on July 17 with the help of three relief pitchers. He gave up only two hits in the six innings he worked—a two-run homer by Ted Williams and a bunt single by Jim Piersall.

Rookie Herb Score pitched last night in a fashion almost identical to Garcia's July 17 performance. The Red Sox got two hits off Score in six innings—a two-run homer by Williams and a scratch single by Norm Zaichin.

Score had control trouble again, and four of his seven walks were turned into runs. Don Mossi, who relieved in the seventh after Score had walked the first two batters, gave up a two-run single and a two-run double.

Youngtown Set For Crucial Test

WASHINGTON, Pa. (AP)—Unbeaten Youngtown, seeking a victory to clinch the title, faces the once-defeated host Washington team to-

14 'Innings' Suggested For Football Games

TOLEDO (AP)—A plan for doing away with the clock and playing a football game in 14 "innings" has been presented to University of Toledo athletic officials.

The experiment suggested would be tried in the University of Toledo-University of Detroit game in Detroit Sept. 23. No clock would be used and the game would end when each team had possession of the ball and attempted at least one play from scrimmage on 14 separate occasions.

University of Detroit athletic officials agreed to try the plan.

University of Toledo Athletic Director Forest (Frosty) England expressed interest in the 14 "inning" plan. But he said he felt it would be better to try it in a spring scrimmage, and that it might not meet with public approval in a regular season game.

Regular football rules would be used except for the timing feature.

Dayton Girls '9' Near Final Game

SPRINGFIELD (AP)—The championship of the East Central Regional Women's Softball Tournament will be decided tonight when undefeated Dayton National Cash Register meets Adrian, Mich.

The winner will represent the region in the National Women's Softball Tournament at Portland, Ore.

Both teams earned championship playoff berths by blanking their opponents last night.

night in the Pony League World Series.

Washington knocked San Antonio out of the double elimination event last night by 11-3.

If the hometowners win tonight's game, another will be needed to decide the championship.

Big Newk Fails Fifth Time To Win His 19th

Dodgers Top Cubs, But Newcombe Not Around At Finish

The Associated Press

Big Don Newcombe may still be considered the ace of the Brooklyn Dodgers pitching staff, but he must be wondering today whether he'll ever connect for his 19th victory of the season.

Thanks to some power hitting by Carl Furillo and Duke Snider, the Dodgers snapped out of it last night to defeat the Chicago Cubs 6-4, but Newcombe wasn't around for the finish. The Cubs rapped him for three runs in the second inning to go ahead 4-3, and Newcombe retired in the third with a strained shoulder muscle.

It was his fifth shot at victory No. 19 since he beat St. Louis July 31 and ran his season's record to 18-1. His mark is now 18-4.

The victory boosted Brooklyn's National League lead to 12 games over Milwaukee, defeated 4-3 by the Philadelphia Phillies.

The American League race, meanwhile, continued on its merry whirl with the Chicago White Sox taking over first place by two percentage points over the New York Yankees, and the Boston Red Sox only 3½ games back in fourth place.

Chicago regained first place, although splitting a twin bill with the Baltimore Orioles, winning the opener 6-2 and losing the second game 10-3. The Yankees committed five errors, and Detroit thumped New York 7-2, while Ted Williams had another big night driving in four runs as Boston defeated the Cleveland Indians 8-3. This left Cleveland in third place, a game behind Chicago and New York, in a virtual tie with first, Kansas City.

In other National League games, the St. Louis Cardinals beat the New York Giants and the Pittsburgh Pirates edged the Cincinnati Redlegs, both by 2-1 scores.

Newcombe, who had a 20-9 season in 1951 and was 19-11 in 1950, will be in shape to pitch his next turn, the club physician said. But getting No. 19 seems to be a jinx.

Milwaukee knocked him out Aug. 4, and although the Bums rallied to win, Newcombe wasn't involved in the final decision. Then he was beaten by the Cubs 1-0 Aug. 8, and Robin Roberts and the Phillies bested him in two 3-2 decisions Aug. 14 and Aug. 19.

Don Bessent relieved Newcombe last night and posted his sixth victory without defeat when Furillo hit his 21st homer with one on in the seventh. He also had a single and a double. Duke Snider, also in a slump as the Dodgers had lost nine of their previous 13 outings, chipped in with two doubles, driving home two runs.

Four Baltimore errors aided Chicago in winning the opener, while Virgil Trucks gained his 13th victory. Bob Kennedy homered for the Sox. In the second game, however, the Sox muffed a chance to take a clear league lead when the Orioles racked four Chicago hurriers for 15 hits. Dave Philley touched off a five-run Oriole rally in the fifth inning with a two-run homer. George Zuverink got his first pitching victory of the year.

New York's defenses fell apart, and Bob Turley was wild as a March hare at Detroit, while the Tigers' rookie Frank Lary went all the way, spacing eight hits.

16-Yard Test Facing Leading Trapshooters

VANDALIA (AP)—America's finest gunpointers gathered from all parts of the western hemisphere today to decide the 16-yard championship at the 56th Grand American Trapshoot.

Five titles will be at stake during the 200-target marathon, and the top winner will hold the second most coveted crown the sport offers. Only the Grand American Handicap, scheduled Friday, carries more prestige, and that's only because of the added cash value.

Everyone faces the traps today on even terms, and the chances are that several will break the entire 200 and be forced into a shoot-off. Perfect scores have been necessary the last eight years to win the championship, and no one has won it without an extra event.

To be decided are the amateur clay target championship of America for men, women, juniors 15 to 18, sub juniors under 15, and professionals.

Also on the day's slate is the champion of champions race for men who won their state 16-yard titles during 1955.

The shoot, first of the week's program to be counted in the all-around championship race, carries a purse of \$500 to the top winner, \$100 to the women's and junior champions, and \$50 to the sub junior. The professional king will receive only a trophy.

The shoot, first of the week's program to be counted in the all-around championship race, carries a purse of \$500 to the top winner, \$100 to the women's and junior champions, and \$50 to the sub junior. The professional king will receive only a trophy.

Preaching Buc Hurler Tames Cincy Redlegs

PITTSBURGH (AP)—Vernon Law, the Pittsburgh Pirate pitcher who preaches when he isn't playing baseball, took the "devil" out of the Cincinnati Redleg power hitting last night.

He held the power-laden Reds to six hits as the last place Pirates edged the Cincinnati 2-1.

Law, who occupies a Mormon pulpit in the off-season, kept the Reds off the victory trail with a blazing fast ball and a knuckler which he used as his changeup pitch. It was Law's ninth victory against eight losses.

The Pirates picked up an unearned run off starter Art Fowler in the fourth. Roberto Clemente opened with the first of his three straight hits but he was erased trying to steal second. Wally Post then misjudged Dick Cole's drive to rightfield and allowed the ball to squeeze out of his hands for a two-base error. Cole went to third after a walk and a force out. He scored when catcher Smoky Burgess fumbled.

Cincinnati, which succeeded in getting only one man past first base in the first seven innings, tied the score in the eighth. But the Bucs quickly went in front in the bottom of the inning.

Drake Is Favored Over Giovanelli

NEW YORK (AP)—Ray Drake is a 7-5 favorite to make good in his Madison Square Garden debut as a headline tonight.

The solidly built, 25-year-old Brooklyn middleweight faces Danny Giovanelli, another Brooklyn leatherpusher, in a 10-rounder.

ABC will telecast at 9 p. m. As an amateur, Drake beat Floyd Patterson, now the No. 1 light heavyweight contender, three times. While Patterson has had a meteoric rise in the pros, Drake has been climbing but slowly.

Toledo Climbing In AA Standings

TOLEDO (AP)—Stretch running Toledo continues to move up fast in the American Association.

In 48 hours the Toledo Sox have climbed from fourth to a second

place tie with Denver.

Last night the Sox measured Louisville, 8-3, for their 13th victory over the Colonels in 16 starts this season. The Minneapolis Millers forged ahead by 9½ games, however, as they dropped Omaha into fourth place, 16-13.

St. Paul again beat Denver, 7-3,

and Indianapolis belted Charleston, 7-1.

Woman Leading Rifle Tournament

CAMP PERRY (AP)—The national small bore rifle championship goes

into its final day today with a woman leading the field of 500 for the first time in history.

Mrs. Viola Pollum of Brookville, Pa., took a one point lead at the end of the third day yesterday, as she hit 138 bullseyes in 160 shots.
